Bertie**

DESIGN MY FANCY DRESS

It's Eugene's birthday party next week and I need a new fancy dress outfit to wear. Can you draw one for me? Bugs, beasts, pirates, aliens, that kind of thing – definitely nothing girly or stinky pinky. OK?

Dirty Bertie

ARTHUR'S NEW HOME

I usually keep my pet earthworm, Arthur, in a goldfish bowl filled with mud, leaves and a plastic soldier for company. But he's getting bored and needs some new surroundings. Can you draw him a worm-tastic new home with a fun play area for him to wriggle around in?

JUST HOW DIRTY ARE YOU?

Tick a, b, or c to find out if you're a proper Dirty Bertie, a slightly-grubby Eugene or a sparkling Suzy.

① What colour is the water after you've had a bath?

- a. It's just as clean as when you first got in!
- b. A bit greyish with a touch of scum floating on the top.
- c. Completely black with a few bugs swimming around in it.

② You're about to sneeze - and it's going to be a big one! What do you do?

- a. Use a crisp new tissue (you always have one in your pocket) to catch the sneeze, while saying 'Bless me!'
- b. Try to find a tissue, fail, and use your sleeve instead.
- c. Wait till you've sneezed, then use your hand to wipe off the snot, smearing it all across your face. Inspect any big bogeys clinging to the back of your hand.

③ How would you describe the state of your bedroom?

- a. A haven of sweet-scented peace and calm where everything is clean, tidy and ordered alphabetically.
- b. Fairly untidy, a little dusty, but not a bad place for a sleepover.
- c. You're not sure what your bedroom actually looks like - there's so much stuff everywhere you haven't seen it in years!

④ How often do you wash your face?

- a. Every morning and evening, of course! You would never forget.
- b. Most nights before bedtime, if you remember.
- c. Only when your parents notice how dirty your face is and you are forced into the bathroom. Luckily, this doesn't happen very often.

5 You discover a forgotten yoghurt lurking in the back of the fridge. It's half-open, has green mould sprouting out of the top and stinks of old socks and cheese. What's your first reaction?

- a. You nearly throw up at the sight and chuck the revolting thing straight into the bin - making sure you first put on protective plastic gloves.
- b. You're slightly shocked, but also interested in having a good look at the gruesome growths with a magnifying glass.
- c. What a great find! And it will make a fascinating addition to the stinking collection of objects you keep underneath your bed.

6 What's your worst habit?

- a. You hate to admit it, but on some busy mornings you forget to polish your shoes before you leave the house.
- b. Well, you can be a bit windy at times, but you do try to keep your stinkiest farts for the privacy of your bedroom.
- c. Mmmm, tricky - you've got so many - picking your nose and eating the contents, burping loudly at the table, never flushing the loo when you've done a poo - take your pick!

How did you score?

Mostly As

What a sparkling Suzy you are! Everything about you is super-clean, from your gleaming teeth to your immaculate white socks. How do you do it, you Queen of Clean?

Mostly Bs

You're a very average slightly-grubby Eugene. Being clean doesn't come naturally to you, but you do remember to wash your face and brush your teeth now and again. But you also enjoy getting down and dirty when someone like Bertie's around!

Mostly Cs

You and Dirty Bertie must be twins - we reckon you're partners in grime! You just can't seem to help attracting dust and dirt wherever you are, and you have so many disgusting habits we couldn't begin to count them. You really are the Master of Muck!
