

Create your very own

MAGICAL PIXIE DUST LAMP

and fill your room with the warm glow of pixie dust!

Bring the magic of Pixie Hollow into your home!

You Will Need:

- 1 Mason jar with a lid.
- 1 LED flicker candle.

Velcro with an adhesive back.

Non toxic spray adhesive

A little pixie dust (glitter)

Directions: Have an adult help you with this activity!

Step 1 - Take your mason jar outside and carefully spray the inside with non toxic adhesive spray. Be sure to fully coat the whole inside of the jar.

Step 2 - Add 2 full tablespoons of iridescent (semi transparent) glitter to the jar.

Step 3 - Attach the lid and shake well until the glitter fully coats the inside of your jar. Then, remove the lid and set your jar aside to dry.

Step 4 - Attach your LED candle to the inside of the lid with sticky back velcro. This will allow you to remove and turn your candle on and off whenever you want.

Step 5 - Switch on your LED candle, attach it to the lid, and then attach your lid to the jar. Then, place the jar lid-side down in a special place in your room.

Turn off the lights and enjoy the magical flickering glow of your new pixie dust lamp!

Available on Blu-ray™ & DVD
